

HAILSHAM TOWN MAYOR RE-ELECTED AT AGM

Councillor Jeff Bentley-Astor was re-elected unopposed to the role of Town Mayor and Chairman for a second year at the Town Council's Annual General Meeting held on Wednesday 23rd May.

Speaking after the meeting, Councillor Bentley-Astor said he was honoured to be re-elected to the position. "It is a privilege to be Town Mayor for another year and I will continue to represent the Council and the local community in the best way I can," Councillor Bentley-Astor said.

"I look forward to contributing towards the projects and campaigns instigated last year, to promoting the town at every available occasion and witnessing more good work carried out by Town Council staff, community organisations and residents within the town."

"I would also like to thank my fellow councillors - we have achieved a lot in our Council term to date - but there is still a lot more to do."

Looking ahead, Councillor Bentley-Astor has an extremely

positive outlook both for town revitalisation and for the future of Hailsham as a whole. He added, "The Town Council's Business Development Committee will continue to fulfil the objectives outlined in the 'Hailsham – The Way Forward' plan to support economic development in Hailsham, increasing employment opportunities and ultimately deliver successful town revitalisation schemes, whilst meeting the aspirations of the local community."

"Much can be achieved in Hailsham in the next year and the Town Council will work with different groups of people to face the challenges the town faces."

The Annual General Meeting also re-elected Councillor Richard Grocock as Deputy Town Mayor and Vice-Chairman, and various representatives for Council Committees and community organisations. Full details can be found at www.hailsham-tc.gov.uk.

EXCELLENT TURNOUT AT ANNUAL TOWN MEETING

Almost 100 residents attended the Town Council's new-look Annual Town Meeting held at the Charles Hunt Centre on Tuesday 8th May.

The lively event included a presentation and review of the past year by the current Town Mayor and Chairman, Councillor Jeff Bentley-Astor. Representatives from Sussex Police, East Sussex Highways, local GP's representing the new Clinical Commissioning Group (CCG) and Hailsham Youth Council also attended the meeting to answer questions put forward to residents.

The new-look Annual Town Meeting, which in recent years has received only moderate attendance levels, featured an exhibition highlighting the Town Council's Business Development Plan – 'Hailsham: The Way Forward' - which includes proposals for the economic revitalisation of the business community, protecting the town's natural and built environment, effective and sustainable infrastructure, community safety and improved healthcare in the local community.

Town councillors responded to a number of issues raised by residents at the meeting including traffic congestion in North Street and South Road and the future of the public toilets in Vicarage Field.

Delighted about the increased attendance level this year, Town Mayor Councillor Jeff Bentley-Astor said "In the past, we have had just a handful of residents attending our Annual Town Meetings. We wanted to change that by making it more appealing this year and equally more relevant to the people of Hailsham. The meeting really is their chance to have a say on the town. By working together we can aim to resolve any issues faced by residents and help make Hailsham an even better place to live, work and visit."

TOWN REVITALISATION PLANS REACH NEW LEVEL

Local people could start to notice improvements to Hailsham town centre and the surrounding urban environment over the next four years, as Hailsham Town Council formally agrees a brand new Business Development Plan.

At their meeting held in March, councillors voted in favour of the new Business Development Plan called Hailsham – The Way Forward, which is intended to be the Council's overall strategic policy document of key activity in terms of business development and the revitalisation of the town.

Preliminary work carried out by Hailsham Town Council has highlighted a number of key objectives Hailsham needs to realise:

- Economic revitalisation of the business community
- Protecting and enhancing the natural and built environment
- Effective and sustainable infrastructure
- Safety and security in the whole community
- Health and wellbeing of residents and visitors

The Plan will represent the combined work of many organisations and will evolve to reflect the emerging needs of the whole community. The Town Council will now consult with stakeholders and project partners with a view to developing and delivering from the emerging plan.

Councillor Nick Collinson, Chairman of the Business Development Committee, said: "The agreement of the Plan marks a fresh start in the Town Council's drive to revitalise the town of Hailsham whilst supporting economic development and helping to increase employment opportunities in the process."

Mickey Caira, who was appointed by the Town Council as Business Enterprise Manager in January, will work alongside councillors and focus on helping to transform the town. He said, "The Town Council recognises that it will need to buy in from stakeholders and partners in order to deliver its key objectives for the town. It is envisaged that the objectives contained in the agreed Plan will meet the aspirations of residents and businesses."

"Whilst the key focus will be on the revitalisation of the town centre, the plan also includes key objectives and actions that will aim to improve the whole town for the benefit of all sections of the local community."

HAVE YOUR SAY ON THE FUTURE OF THE TOWN

You are being given the opportunity to have your say on the future of your town! The Town Council has launched a survey which can be found by visiting www.hailsham-tc.gov.uk/thewayforward.html. The online survey enables you to put forward your ideas on the Council's strategic policy document of key activity in terms of business development and the revitalisation of the town in the next few years. It's crucial that we gather as much feedback as possible from the public and you are encouraged to contribute to this and future consultations."

DIAMOND JUBILEE CELEBRATIONS IN HAILSHAM A SUCCESS

Message by Councillor Jo Bentley, organiser of the Diamond Jubilee Celebrations.

"Saturday 2nd to Saturday 9th June saw hundreds of people attend a number of community events organised by the Town Council's festivities team to mark the Queen's Diamond Jubilee.

The first event to take place was the Diamond Jubilee Town Fete held on Saturday 2nd June at Western Road Recreation Ground, which was opened by the first Youth Mayor of Hailsham, Miss Chelsie McIntosh and also attended by the Town Mayor and Mayoress. The fete was attended by hundreds of people who all had a good time. Children enjoyed the egg and spoon race and the wellie throwing – and great excitement and fun were had during the tug-of-war, of which Hellingly Rugby Club came out as winners.

I would like to thank all the local charities and community organisations which took part, the people who provided free entertainment for the children and GM Monk Ltd for donating the Diamond Jubilee medals which were presented to all the young people who took part in the fun and games. I would also like to thank the Eastbourne Pipe Band and Wealden Brass for their rousing music on the day which was enjoyed by all, and the Women's Institute who provided lots of delicious cakes and drinks to keep everybody refreshed.

On Tuesday 5th June, children took part in a Treasure Hunt in the town centre, an event organised by the Hailsham Lions' Club, which was fun for everyone who took part.

The Hailsham Charter Market held on Saturday 9th June had a Diamond Jubilee feel, whilst also keeping a medieval theme. Giants walked our high street closely followed by jugglers and medieval musicians. The Long Man Morris Men kept the crowds entertained and, to celebrate 100 years of Punch and Judy, Mr Punch was also in attendance to bring lots of fun and enjoyment to the young people. Children also enjoyed getting close to the birds of prey and finding out more about these wonderful creatures.

I would like to thank all the stallholders and local shopkeepers who took part in the event and, despite the high winds, a good time was had by all.

The final event of the week was a music concert held at Hailsham Parish Church that evening, which featured performances from The Jazz Caverners and Wealden Brass Band, and was attended by approximately 100 people. I would like to thank Reverend David Bourne for allowing us to use the church for the event, and Tesco for providing the refreshments on this special occasion. Requests were made by the public for more of these types of events to take place in Hailsham in the future."

'IN BLOOM' JUDGES TOUR 2012

Hailsham faces its floral D-Day in a few weeks time, when South & South East in Bloom judges cast their eye over the town's efforts.

The town council's Hailsham In Bloom Committee, which organises the town's entry into the regional competition, is convinced that Hailsham deserves to achieve even better results than when it last entered in 2010, winning a silver gilt award in the Large Town category in only its third year of entering.

The judges' tour of the town on Thursday 19th July will include stops at the newly created Diamond Jubilee Community Rose Garden in Western Road, the Dennis King Memorial Orchard and Sensory Garden off Grovelands Road and Orchard Park plant nursery.

Deputy Town Mayor and Chairman of the Hailsham In Bloom Committee, Councillor Richard Grocock said organisers are looking forward to showing off all that Hailsham has to offer: "The Hailsham in Bloom team has a busy month ahead as we look to finalise the town's portfolio and ensure everything is looking fantastic and in tip-top condition ahead of judging day, when assessors will decide whether the town's floral displays, horticultural projects and street environment meet their gold standard."

Hailsham is up against Haywards Heath, Littlehampton, Faversham, Sittingbourne, Tunbridge Wells, Farnham and Chichester in the Large Town category of the South & South East in Bloom competition. The winner will be announced at a ceremony to be held in Fareham in September.

HAILSHAM'S YOUNG PEOPLE ELECT FIRST EVER YOUTH MAYOR

Young people in Hailsham have spoken and elected Chelsie McIntosh to be their first ever Youth Mayor, an office she will occupy until May 2013.

Chelsie, aged 16 and a pupil of Hailsham Community College, was elected at a special meeting at the college held on Friday 4th May, having received votes from the young population for her manifesto to spread a positive message about the impact young people can make in Hailsham and its environs.

Delighted Chelsie said: "I'm so overwhelmed at being elected the very first Youth Mayor of Hailsham. In my new role, I hope to achieve a safe community in which young people can feel secure and confident, make informed healthy choices for their own lifestyle as they grow and be recognised as valuable citizens."

Hailsham Town Council proposed the idea of establishing a Youth Mayor post at a meeting of full council held earlier this year, a role which will provide a focus and a channel for young people's views to be heard by decision makers in the local community.

Councillor Michael Ryan, oversight councillor for Youth

Projects said, "I would like to pass on my good wishes to all the young people who have played a part in this first ever campaign to elect a Youth Mayor. I am confident that Chelsie will continue to build on the achievements of the Youth Council in recent years."

Councillor Maggie Burt added, "Our young people have so much to offer! The new Youth Council year brings an exciting period ahead with lots of possibilities and I look forward to working with them to develop the town's youth and give them the credit they deserve."

THE YOUTH MAYOR SERVES A ONE-YEAR TERM TO:

- Provide support, and is a spokesperson for, the town's young people
- Update and advises the current Town Mayor on issues relating to young people in Hailsham and its environs
- Work with Hailsham Youth Council to inform the work of the Town Mayor, Town Council and other local decision-making bodies
- Attend civic functions when necessary and act as ambassador for the young people of Hailsham

For more information on the Hailsham Youth Mayor please contact John Harrison (Town Clerk) on 01323 841702 (john.harrison@hailsham-tc.gov.uk).

Alternatively, contact Simon Marsden (Director, HCC Sixth Form) on 01323 841468 or by email: marsdens@hailshamcc.e-sussex.sch.uk.

REFURBISHED COMMUNITY HALL TO OPEN THIS AUTUMN

The refurbished Civic Community Hall in Vicarage Lane is expected to reopen again for public booking in September.

With a new roof and interior furnishing, the hall will have capacity for 240 people and a new entrance through the extension to the Wealden District Council's offices. Improvements carried out by Wealden District Council as part of its Single Site project also include a new floor, windows and heating system.

During weekdays the building will be used for both council meetings and community functions, and will be available for community use in evenings and weekends.

An online booking system will be available through Wealden District Council from May to allow organisations and individuals to check availability and book the Civic Community Hall for future functions taking place after Monday 24th September.

"As soon as work began on the refurbishment, we realised how vital it was that the repairs went ahead as soon as possible," said Hailsham Town and Wealden District Councillor Jo Bentley. "The improvements will ensure that there continues to be a major community venue in the heart of Hailsham for many years to come."

VOLUNTEERS NEEDED TO IMPROVE RIGHTS OF WAY IN HAILSHAM

Important message from East Sussex County Council: Do you regularly use our local footpaths and bridleways? Do you have some spare time to help ensure that they are kept in good condition?

There is a need for volunteers in the Hailsham area to help improve the condition of our local rights of way network. Typical issues will be overgrown vegetation, broken stiles and fingerposts, and eroded surfaces. East Sussex County Council can provide support in the form of tools and materials, together with training and guidance to allow volunteers to undertake activities safely and effectively.

This volunteer work is typically carried out on a small group basis to make the task more social and to allow discussion and prioritisation of specific issues. The contribution made by such groups is highly valued and offers great opportunities for personal satisfaction, community involvement and team working.

To get things started or to find out more interested individuals or groups are invited to contact ESCC at the following address: Rachel Solomons, Rights of Way Volunteer Officer, East Sussex County Council, Heathfield Depot, Burwash Road, Heathfield, East Sussex, TN21 8RA. Further information is also available by telephoning 0345 60 80 139, by sending an email to rachel.solomons@eastsussex.gov.uk or from the ESCC website <http://www.eastsussex.gov.uk/environment/conservation/volunteering/rightsofway/default.htm>.

MESSAGE FROM YOUR NEIGHBOURHOOD POLICING TEAM

Across Wealden, we have seen an increase in burglaries to homes. We never like to alarm residents, however we do need to make people aware of the increase so that they can take steps to ensuring their properties are secure.

We have been lucky recently with the early warm weather. But with it brings the fact that we like to leave our windows open, even when we pop out. The majority of burglaries are to homes that have been left insecure, or have a weak point that is accessed. Don't leave windows or doors open if you are leaving the house, or even if you are in the back garden. Consider looking at house alarms, there are plenty on the market now at various prices.

We are currently running a campaign aimed at giving people the confidence to call in when they see something. The campaign is called "When Would You?" and we are saying to people to look at various scenarios and ask themselves when would they phone it in? For example, "The neighbours are away but there is a stranger walking around the outside of their house. They look through the lounge window." When would you phone this in?

Officers have been out and about in Hailsham patrolling the local areas, keeping you safe. There have been various street meetings held across the town, and if you would like to know when the next one is happening near you, then visit www.sussex.police.uk and enter your postcode.

NEW COMMUNITY GARDEN OPENED BY LORD LIEUTENANT

A garden commemorating Queen Elizabeth II's Diamond Jubilee has been opened by the Town Council's Hailsham In Bloom Committee.

Saturday 2nd June saw the official opening ceremony of the Diamond Jubilee Community Rose Garden outside Hailsham Library in Western Road, by Her Majesty's Lord Lieutenant of East Sussex Mr Peter Field.

The Deputy Town Mayor and Chairman of Hailsham In Bloom, Councillor Richard Grocock said that it was a great pleasure to welcome the Lord Lieutenant on behalf of the Town Council as the event represented the culmination of several months work by dedicated volunteers. All of those present on the occasion were thanked for their financial contribution to the project, and for their practical input in terms of planning design, hard landscaping, planting and the installation of various garden components.

Work by the Town Council's Hailsham In Bloom Committee to build a brand new community rose garden to mark the Queen's Diamond Jubilee in 2012 started in November last year, and a small but dedicated volunteer working group saw the project through, from the planning and design of the garden through to its construction and acquisition of sponsorship.

The Hailsham In Bloom Committee is pleased to have worked in partnership with East Sussex County Council who kindly allowed the use of their land in front of the library, and the Lord Lieutenant congratulated everyone involved in the Diamond Jubilee Community Rose Garden project on the successful outcome of their hard work.

Councillor Grocock said, "Volunteers have worked tirelessly to transform the new garden from an under-used piece of grass into somewhere people could enjoy and escape the hustle and bustle of the nearby town centre. The launch of the garden was a great success and I am confident that the garden will be an important part of the townscape for generations to come. My fellow committee members and I look forward to keeping up with news about the garden's future progression as it continues to develop."

OUTDOOR GYM TO OPEN IN HAILSHAM NEXT MONTH

Getting fitter and healthier will soon be ever easier, with the opening of the town's first ever outdoor gym at Hailsham Recreation Ground in Western Road in July.

The all-weather outdoor gym – which will be free and available to use 24 hours a day – will be installed by the Town Council in an attempt to encourage even more people in Hailsham to take up exercise in the open air and improve their health.

The state-of-the-art equipment, making it suitable for anyone over 12 years and for all abilities. It will include an air skier, cross country skier, double rower, seated leg-press and a push-up station, modelled similar to a playground.

The proposal to build an outdoor gym came from Hailsham Youth Council last summer and was formally agreed by the Town Council in November 2011. Since then, the Youth Council has organised a small working party to look at the design of the proposed facility, carry out a community survey on the benefits of installing an outdoor gym, and seek funding opportunities available.

£10,000 was awarded by the *Awards For All* scheme, and the Town Council will maintain the outdoor gym as part of a wider package of improvements to recreational facilities throughout Hailsham in the near future.

Recently elected Hailsham Youth Mayor, Chelsie McIntosh said: "The new outdoor gym will be an excellent addition to the recreational facilities available for the public to use in Hailsham. The Youth Council and the Town Council have worked with the local community and funding providers for a long time to help get the facility and, as the weather improves and the days get longer, this summer will be the perfect opportunity to give it a try!"

PATIENTS' VIEWS HELP SHAPE NEW VICARAGE FIELD PRACTICE CONTRACT

Patients' views have helped shape the contract for a new team of permanent GPs at Vicarage Field.

Two open drop-in sessions were held for patients at the practice – at lunchtime and early evening on 24 April – to understand what aspects of the service are most important to them and need to be protected as part of the re-contracting, what could be improved, and how they would like the practice to operate and feel.

Among the most important features highlighted by patients was continuity of care, a choice of GP, ease of getting an appointment and a friendly, caring environment. Opportunities to give feedback about their experiences, the appointment system and extended hours were among areas that patients felt could be improved.

It's not too late for patients to 'have their say'; written comments can be left at the surgery reception for forwarding to NHS Sussex.

NHS Sussex set a deadline of 30 June for bids for the new contract. The bids will be reviewed and assessed by a panel, including representatives of the Local Medical Committee and the Eastbourne, Hailsham and Seaford Clinical Commissioning Group. The preferred provider is expected to be announced early autumn.

The new permanent contract will start on 1 December 2012. Doctors with the Seaforth Farm practice will continue to run the Vicarage Field surgery until then. A temporary contract was given to Seaforth Farm after the previous Vicarage Field partnership of GPs dissolved in November 2011.

SCHEDULE OF FORTHCOMING MEETINGS

TOWN COUNCIL (& TRUSTS): Wednesday 18 July 2012 (meeting starts at 7.30pm)
