46 **Street Markets**

Mr R. Moreton spoke in relation to the street markets. He suggested the markets are held monthly rather than weekly and stated that he was only likely to trade once a month for the foreseeable future, as his busiest time for his trade at the market is at the end of each month.

Members discussed the future of the street markets and agreed that one issue with the traders not currently attending the markets, was that the Council are not currently supplying gazebos. Members were advised that a number of traders would return to the market if the Council could again supply them gazebos.

Much discussion ensued and it was noted that the gazebos are not being supplied at the moment due to the difficulty in cleaning them under the current COVID guidelines.

K. Giddings stated she would speak to M. Cairra about whether gazebos are due to be supplied again once all restrictions are dropped on 19th August.

Members agreed for the current time to keep the markets weekly rather than monthly.

49

Hailsham Live Event 2021

P. Gibson advised that approximately 1500 people attended the event and feedback from the ticket holders was very good, with 100 responses rating the event at 8.1 out of 10. He advised he had not received any negative feedback.

The food outlets in the High Street had also received extra trade due to the event.

Councillor N. Coltman thanked P. Gibson for all his hard work in organising the Hailsham Live event.

The issue of paying for the Wealden Council car park was discussed and the Committee raised concerns that Wealden Council had charged P. Gibson to hold his event in the car park, considering the car park is free of charge and no money would have been lost by the Council in allowing its use for the event.

J. Seale addressed the Committee in relation to the Hailsham Live event and considered that the general feedback from the Community Forum was that the event was not particularly well organised and some of the shops in the High Street were unhappy at having stalls placed outside their premises.

J. Seale asked about the accounts in relation to the event and P. Gibson advised that all accounts for the Hailsham Live event were in the public realm and available for anyone to view.

It was agreed that P. Gibson would attend the next Community Forum meeting to discuss any concerns raised by the Forum.
