

## Hailsham Town Councillor Biography:

# Nathalie Hayes

I have been a resident in the area for several years and I want to be able to make a positive impact in my town. As owner of a local business which focuses on products and services geared to improving the environment, I am keen to work to ensure that our local town is run in a fair and systematic manner.

I chose to put myself forward as a town councillor in order to make a positive difference and to serve my community. To enable me to do this, it is only possible from within.

As a local business owner and a keen sportsperson, I bring a wealth of skills, qualities and experience to the role. My skillset is one of an organised, analytical and critical nature.

I believe that our town's funds should be spent in a fair and logical manner, and it is important to do thorough research and explore all options available and carry out robust due diligence, in order to make the most appropriate and informed decisions.

As a keen sportsperson, I am keen to ensure that sporting opportunities are made available to all in our town. Participating in sports can relieve stress, improve mood and increase feelings of accomplishment – leading to better health. Overall, sports can contribute to a happier, healthier and more connected society.

I will work hard to build consensus and to find solutions to the challenges that our town faces and make it a better place. This will enable residents to benefit in many ways in a more efficient and effectively run town council.
